TO THE CITIZENS OF WEST VALLEY CITY

We are proud to present the West Valley City's Popular Annual Financial Report (PAFR) for the fiscal year ended June 30, 2020. This report gives readers a summary of the City's financial activities. The purpose of the PAFR is to report the City's financial information in a clear, concise manner giving all readers, both financial and non-financial, an understanding of where the revenue comes from and where dollars are being spent. Most importantly, it is essential that our citizens understand the key services that the City provides to make West Valley City a safer and more enjoyable place in which to work, live, and play.

The PAFR summarizes the financial activities of the City for our fiscal year which runs from July 1 to June 30. It is drawn from a more detailed report called the Comprehensive Annual Financial Report (CAFR). The CAFR includes financial statements that are prepared in accordance with Generally Accepted Accounting Principles (GAAP) and audited by Keddington & Christensen, P.C., an independent auditing firm. The 2020 CAFR has received an unmodified (clean) opinion. The numbers contained within the CAFR were acquired by applying the basis of accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

Although the numbers used in the PAFR come from an audited source, we have presented them in a condensed, easy to understand, non-GAAP format. GAAP reports deal with the presentation of segregated funds as well as full disclosure of all material financial and non-financial events in notes to the financial statements, while non-GAAP reports do not contain such notes. Citizens who wish to review audited GAAP basis financial statements can refer to the West Valley City's CAFR, which is available from the Finance Department or on the City's website at wvc-ut.gov.

As a municipality, we want to continue to promote awareness, accountability, and transparency of the City's financial information. We anticipate that after reading the PAFR, community members will be reassured that public dollars are being used to build a better, safer, and stronger West Valley City. With the help of all departments, the City, in 2020 has accomplished many goals. All these positive achievements have helped to increase growth and success in our City. We look forward to the future and growth of the City.

We are honored to serve the citizens of West Valley City and hope you enjoy reviewing the 2020 PAFR. We welcome any input, questions, and comments you may have regarding this report. You may contact the Finance Department at 801-963-3238.

STATEMENT OF ACTIVITIES

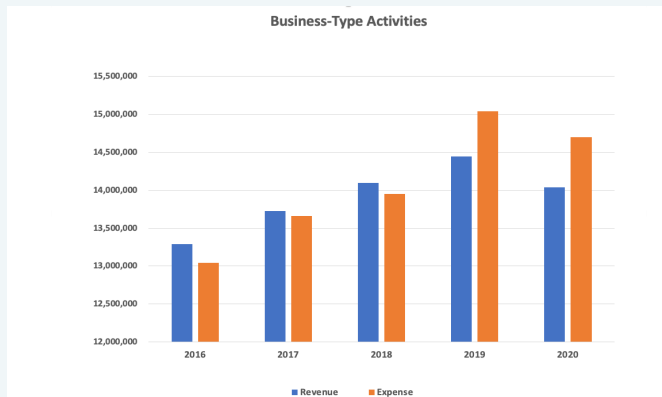

Governmental revenues increased from the previous year, by \$9,965,399 or 7.9%. The overall increase was made up of several pieces. A large portion of this increase is due to the receipt of CARES Act funds. Total grants increased by \$11,899,393. As the pandemic lead people to shop online, and Salt Lake County increased the local sales tax rate, sales taxes increased by \$4,337,758, or 15.4%. There was a marked decrease in charges for services. The City received \$4,592,984, or 15.2% less from this revenue source. Other revenues had relatively minor increases or decreases.

Governmental activities expenses increased by \$1,349,532, or 1.2%. Public safety expenses increased by \$18,295,836, or 73% as the City hired additional police officers, experienced ordinary operating increases, purchased new equipment, and responded to the demands of a global pandemic, a moderate earthquake centered on the City's border, and the demands of increased unrest and demonstrations in society. General government expenses decreased by \$1,728,862, or 6.9%. Highways and public improvements expenses decreased by \$4,991,090, or 19%. Parks and recreation expenses decreased by \$10,392,914, or 55.4% as City facilities were closed for the final five months of the fiscal year due to Covid-19 Health Department restrictions. Other governmental activities showed minor increases or decreases attributable to normal variances in operating expenses.

Functions of Business-Type Activities:

- Ambulance Services
- Golf Courses
- Storm Water
- Housing Authority

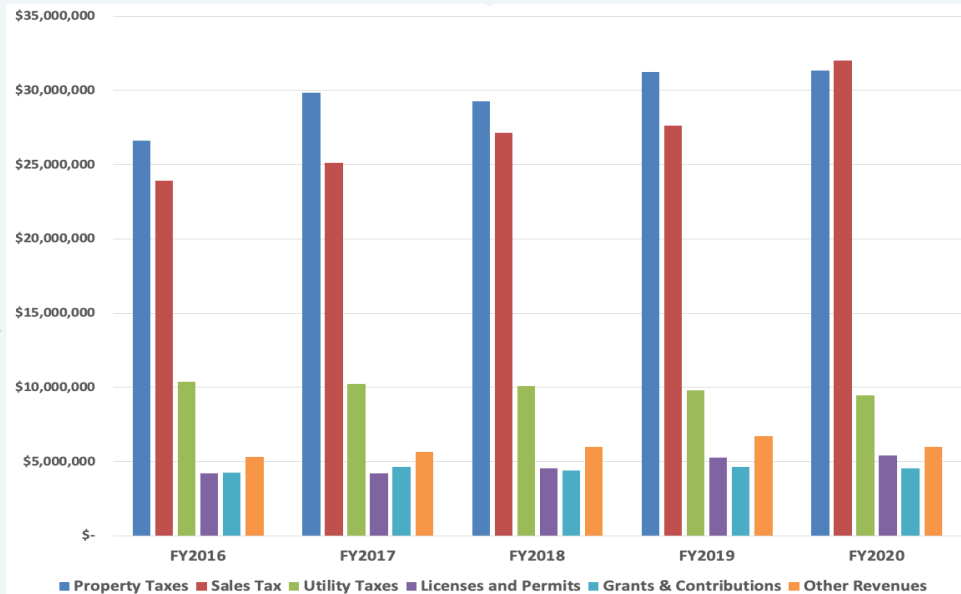

In business-type activities, overall revenues showed a modest decrease of \$403,591, or 2.8%. Overall expenses also decreased by \$342,228, or 2.3%. Although the City's golf courses experience some year-to-year variance, this year the courses were closed for most of the spring, a normally active period. Overall, the City's business-type activities are relatively stable in generating revenues and expenses.
